Dear Supervisor Weiner,

Please accept this letter of support for **22nd St. Jungle Stairs Project for the District 8 Neighborhood Greening Grant** to rehabilitate, beautify and maintain the hillside stairs. The neighborhood group in Noe Valley has brought together homeowners and renters of all ages to beautify city land that has long been neglected. Their efforts have helped build community and improve public space. Their efforts are deserving of your support.

San Francisco Beautiful is a group of citizens, neighbors, friends and philanthropists have been integral in making San Francisco the extraordinary place it is today. San Francisco Beautiful is a non-profit organization that works with members, community-minded individuals, community organizations, corporations, and local government to help create and implement sustainable improvements and civic initiatives that improve the quality of life in San Francisco. We work to keep San Francisco beautiful through civic engagement, partnering with communities to build better neighborhoods, and celebrate urban innovation.

This project will improve the beauty and enjoyment of the stairs and the neighborhood for residents and visitors. It will make 22nd St Jungle stairs a local san destination and make San Francisco more beautiful.

Sincerely,

Kearstin Krehbiel
