The Francisco Park Project
PO. Box 475035
San Francisco, CA 94147

Date: 5/30/2014

To Whom It May Concern

San Francisco Beautiful endorses The Francisco Park Project in the effort to transform the unneeded and derelict Francisco Reservoir into a public park for all.

San Francisco Beautiful is a group of citizens, neighbors, friends and philanthropists have been integral in making San Francisco the extraordinary place it is today. We work with members, community-minded individuals, community organizations, corporations, and local government to help create and implement sustainable improvements and civic initiatives that improve the quality of life in San Francisco. We work to keep San Francisco beautiful through civic engagement, partnering with communities to build better neighborhoods, and celebrate urban innovation.

Open space is critically short in the northern waterfront areas of the City where populations are among the densest. This property, unused for decades, presents an once-in-a-lifetime opportunity to fully utilize this stunning site for a public park for all San Franciscans.

This letter enables you to use our organizational name and icon on your website and on documents in support of the Francisco Park Project.

Sincerely,

Komal Panjwani
Policy Manager
